Breaking News: CAIR Touts Partnership with Census Bureau

by Steven Emerson

IPT News

August 28, 2019

<https://www.investigativeproject.org/8045/breaking-news-cair-touts-partnership-with-census>

Update Aug. 30: Following this IPT report, the Commerce Department confirms that it dropped the partnership with CAIR. Click [here](#) for details.

Federal law enforcement [knows enough](#) about the Council on American-Islamic Relations (CAIR) to [order its agents](#) not to engage with the group outside of criminal investigations. But despite that, the U.S. Census Bureau believes the conservative, Sunni-dominated Islamist organization is a trustworthy organization to partner with in next year's national population count.

"CAIR is proud to partner with the U.S. Census Bureau to ensure American Muslims are fairly and accurately counted in the 2020 Census," Executive Director Nihad Awad [said](#) in a CAIR news release. "Full participation in the census ensures that American Muslims will be better represented in Congress and that their communities receive an equal share in state and federal programs."

It isn't clear what CAIR or the Census Bureau will do as part of the partnership. The statement indicated CAIR will promote participation in the Census and advise people how to avoid scams. The Census Bureau did not respond to a request for comment.

"CAIR wants to ensure that that not only are American Muslim communities being fairly counted – but that their neighborhoods are getting a fair share in federal and state funding," the CAIR release [said](#).

Internal documents seized by the FBI show that CAIR and its founders, [Omar Ahmad](#) and [Nihad Awad](#), were deeply involved in a Hamas-support network in America created by the Muslim Brotherhood. A committee report [described the group's mission](#) as "defending the Islamic cause in Palestine and support for the emerging movement, the Hamas Movement."

Both Ahmad and Awad appear on the "Palestine Committee" [telephone list](#) (Ahmad is listed as "Omar Yehya"), and CAIR is listed on a [meeting agenda](#) which named the committee's branches.

...until we can resolve whether there continues to be a connection between CAIR or

CAIR

"[U]ntil we can resolve whether there continues to be a connection between CAIR or its executives and HAMAS," a senior [FBI official wrote](#) in 2009, "the FBI does not view CAIR as an appropriate liaison partner."

its executives and HAMAS, the FBI does not view CAIR as an appropriate liaison partner. It is important to note, however, that although the FBI was suspended all formal outreach activities with CAIR at this time...

The policy remains in effect a decade later. The FBI's conclusion was shared by federal prosecutors and a U.S. District Court judge who reviewed the evidence.

Records seized by the FBI "do create at least a prima facie case as to CAIR's involvement in a conspiracy to support Hamas," U.S. District Court Judge Jorge Solis [wrote](#) in 2009.

"CAIR," prosecutors [wrote](#), "has been identified by the Government at trial as a participant in an ongoing and ultimately unlawful conspiracy to support a designated terrorist organization, a conspiracy from which CAIR never withdrew."

CAIR has never acknowledged its Palestine Committee connections or tried to argue that it moved away from that support. Its leaders [refuse to condemn](#) Hamas, often [angrily](#). Awad continues to promote anti-Israel rhetoric, as in 2014, [calling the Jewish state](#) "the biggest threat to world peace and security."

Nihad Awad نهاد عوض
@NihadAwad

Follow

Israel is the biggest threat to world peace and security. It:

1-targets civilians

2-has WMD

3-doesn't respect international laws or values

1:59 PM - 19 Aug 2014

Awad publicly [expressed support](#) for Hamas in 1994 – the year CAIR was founded – over the Palestine Liberation Organization.

In a 1998 speech, Awad openly referenced Jewish advisers in the Clinton administration as the driving force behind U.S. foreign policy: "Look at their names. Look at their ethnic, their ethnic or religious or racial background. You will see that these are the same groups that belong to the same interest groups in the (Clinton) Administration...they are the same people who are opposing the peace agreement (with Iraq)."

But aside from its roots in a Hamas-support network, CAIR has a history of grossly inflating the American Muslim population. It [issued a report](#) in 2001 claiming there were 6 million Muslims in the United States.

Six years later, however, the Pew Research Center for the People and the Press [analyzed Census Bureau data](#) to estimate "the total population of Muslims in the United States at 2.35 million." That number [increased](#) to 3.45 million people in 2017.

CAIR's partnership is a problem, said Zuhdi Jasser, president of the [American Islamic Forum for Democracy](#). But there's a deeper concern, which is [found](#) on the Census Bureau's website.

CAIR

"The U.S. Census Bureau does not collect data on religious affiliation in its demographic surveys or decennial census. Public Law 94-521 prohibits us from asking a question on religious affiliation on a mandatory basis; in some person or household surveys, however, the U.S. Census Bureau may collect information about religious practices, on a voluntary basis."

Given that, Jasser asked, why is the Census Bureau partnering with a religious organization at all?

CAIR's announcement perpetuates a stereotype that Muslim Americans are not engaged in society. "It's counting all Americans as equals," Jasser said, "not as faith groups."

The notion that Muslims need to be encouraged to participate in the national census treats an entire population as "naïve immigrants," Jasser said. "They claim we're well-integrated. If that claim is true, why is this project necessary?"

It is important that Muslim Americans participate in the Census. CAIR's history, however, raises questions about whether the Census Bureau has partnered with an organization deserving of its trust.

Research Analyst Teri Blumenfeld contributed to this report.

Hi Al -

Just some quick notes on Hot Topics today.

1) Discussed planning for hurricane Dorian. Jamey was there and walked us through the FLD plan for the Atlanta Region. Chip Walker also walked us through the Emergency Management Office tracking of the storm. He showed us that the Census Website is now featuring hurricane Dorian info and is linked other emergency agencies. Ron is setting up a check-in call on Dorian for Labor Day Monday at 11:00 am .

2) Briefly discussed the story on Census partnership with the Council on American-Islamic Relations (CAIR). The story was picked up by Fox News and may be on the Tucker Carlson show tonight. AdComm is tracking.

That's it for now. Thanks,

Re: Becoming a National Partner

A 2020 Census partnership is very straightforward. A partner essentially commits to do one or more things to help us promote the 2020 Census to their audiences, members, customers, employees, etc. For example, a partner could invite us to speak at their conference, put an article in their newsletter, place a link on their website, etc. We work with partners collaboratively to determine the best ways to support the 2020 Census based on a partner's capabilities and interest. Partners will be particularly helpful early next year at census time when it's important to encourage the public to respond.

To become a partner, an organization can state its interest in an email or a letter to us. We've had some moments where we will do an MOU, I have attached a template, if your organization prefers to do one. I have also attached the Census Field pledge form, it is used by the local and regional partners, but is a nice sample of the types of commitments a partner might do.

The Census Bureau is recruiting 2020 Census partners and workers now. We are thrilled when we add new partners to help our outreach efforts.

Here is our monthly newsletter and a link to partnership materials, including some of our fact sheets and other content; if you scroll down the page you'll see our materials for LGBTQ+ Audiences.

We have also posted information on social media activities:

<https://2020census.gov/content/dam/2020census/partners/materials/social-media-content.pdf>.

Mary Anne, Andy and I are happy to answer any questions about partnering.

(b) (6) will you be our point-of-contact for (b) (5)

Please let us know if there are any events we should attend, too. We can offer a speaker or do exhibits and tabling with national and regional organizations. Andy noted you have a dinner coming up, we weren't sure if that was an opportunity to promote the 2020 Census (b) (5).

On the call, I began rattling off different partners, national partners include the AARP, the Boys and Girls Clubs of America, the Annie E. Casey Foundation, Partnership for America's Children, the Federation of Pediatric Organizations, CenturyLink, the National Association of Latino Elected Officials, U.S. Hispanic Leadership Institute, the Council on American-Islamic Relations (CAIR), the Episcopal Church, the National Black Chamber of Commerce, the National Queer Asian and Pacific Islander Alliance, the National LGBTQ Taskforce, the American Library Association, the Public Library Association, American Association of State and Local Colleges, American Association of Community Colleges, Federal Trade Commission, Operation HOPE, Volunteers of America, and more. This is a good sample, but isn't exhaustive.

Thank you again for the conversation, we look forward to working with you!

 I wanted to mention that we have a National Peak Recruitment Campaign Kickoff next week during the week of Oct 21. Visit [here](https://content.govdelivery.com/accounts/USCENSUS/bulletins/2659746) or paste this link (<https://content.govdelivery.com/accounts/USCENSUS/bulletins/2659746>) to see more details. If the Human Rights Campaign would help spread the word about this recruitment push, that would be great!

Also, my colleague Larry Carter is on this thread, he is leading our LGBTQ portfolio team and would be happy to connect directly if you or your colleagues have follow up questions about other partnership ideas and activities.

Thanks much!

Hi Dan,

We just received the attached template for the updates for our portfolio assignments that we will be ultimately sharing with the Deputy Secretary of Commerce in a few days.

Please complete this for the FAITH-BASED organizations you have been working with. I will need to centralize this and all the other information I collect across the faith-based portfolio. As such,

and email this information to me by **close of business Tuesday, October 15th**. This should cover all FAITH-BASED orgs you are working with, those that are official or not yet official.

If you have any questions please let me know. Also, I will be touching base with you next week on the "action plans" Commerce leadership would also like to see, but this is the first priority.

Thanks,

Dear Mr. Thomas
Gilman,

CAIR

On behalf of the
American Arab
Chamber of
Commerce (AACC),
we are delighted to
honor to have you as
our Keynote Speaker
at our 27th
Anniversary Building
Economic Bridges
Gala. Thank you.

We look forward to
welcoming you on
October 18th for the
27th Anniversary
Building Economic
Bridges Gala awards
dinner. I have
attached a program
briefing for your
reference. Please
plan on arriving
between 5:00 – 5:15
so that you may take
pictures on the stage
with your family.
The program
officially starts at
5:30 with a
networking
reception.

Please see attached
that includes
information we need
from you (Biography,
High resolution
photo, contact
information, etc.).
As an awardee you
will be receiving two
tickets to the event.
Should you need

CAIR

additional seating, or
would like to support
the AACC, I have
attached the
sponsorship packet
for your review.

Please submit all
information by
Monday, October 7,
2019.

Please let me know if
I can answer any
questions and again
Congratulations.
Have a wonderful
week.

Sincerely,

*Fay
